SKILLS

Primary Skills	Java, Golang, Data Structures and Algorithms, Problem Solving
Working Knowledge	Go Swagger, Git, Docker, Jenkins, CI/CD, Kubernetes, Kafka, ELK, MongoDB, System Design, Figma, JavaScript, ReactJS, Python, Distributed Systems
Soft Skills	Leadership, Teamwork, Mentorship, Project Management

WORK EXPERIENCE

Software Engineer II	May 2022 - Present
Cisco	<i>Bengaluru, India</i>

- Designed and developed a scalable notification library in Go used in 30+ microservices that allows updates to be made in one place and significantly reduced maintenance time and effort.
- Built and integrated new microservices for provisioning cloud resources like KafkaTopic, SLB, and GSLB, with full CRUD functionality and real-time notifications, simplifying the management process for internal users
- Led E2E feature enhancements and brownfield migrations for provisioning of existing cloud services like OpenStack, OpenShift, etc
- Actively involved in PR reviews, Feature level planning, test case development, hiring and mentoring EIC engineers.

Software Engineer I	Aug 2021 - April 2022
Cisco	<i>Bengaluru, India</i>

- Implemented config audit automation for network devices using NSO reducing the manual work by 90%
- Implemented Pre/Post Checks automation using BPA which led to 70% time improvement in CR window.

Software Engineer Intern	Jan 2021 - July 2021
Cisco	<i>Bengaluru, India</i>

- Developed one stop portal for 5+ network dashboards supporting dynamic addition, helping the network teams to increase their efficiency.
- Tech Stack: ReactJS, Docker, Git, Bootstrap/SaaS, Jenkins, CI/CD

EDUCATION

B.Tech in Information Technology , VIT Vellore - CGPA 9.42	2017 - 2021
---	-------------

PROJECTS

- Status Page & Dashboard to publicly communicate the health and status of API endpoints for each microservice
- Go CLI Utility to automate schema generation tasks for the cost management tool, improving efficiency by **10x**
- UI Modernization initiative of an internal application to align with current standards using Figma.

ACHIEVEMENTS

- Cisco IT Challenge Coin award for dedicated service and exemplary professionalism
- Early Promotion in recognition of exceptional performance and contribution to the team
- Cisco Intern of the Month for June 2021 for IT - Infrastructure APJC
- 1810 Max Rating on LeetCode.
- 5 Star rating on Internshala with 5 internships.
- Institute Rank 5 on GeeksForGeeks among 20,000+ users.
